**PAINLESS PAYMENTS**

Often the need for comfort doesn’t always match the immediate ability to pay for it. So Payne makes life a little easier with 6 or 12 months of deferred interest, minimum monthly payment financing. There is a minimum monthly payment of 2.5% of the balance or $30, but if you pay it off within the promotional period, you pay no interest.

Or, spread your payments over time with a reasonable fixed APR rate finance charge. Either way, you can enjoy comfort now when you need it with a Payne® dealer who offers GE Capital financing.

Before purchasing this appliance, please read the important energy cost and efficiency information available from your dealer. Manufacturer reserves the right to discontinue, or change, at any time, specifications or designs without notice and without incurring obligations.
PEACE OF MIND HEAT PUMPS

WHAT IS SEER and HSPF?

Like a car’s mpg, SEER (Seasonal Energy Efficiency Ratio) is the measure of cooling efficiency for a heat pump. It tells you how much heat is removed from your home in relation to how many watts per hour it takes to reach your set comfort level. HSPF (Heating Seasonal Performance Factor) is the measure of heating efficiency. The higher the number the better, because when you waste energy you waste money.

To give you an example, the minimum SEER level for heat pump operation in the U.S. is now 14. Payne offers models that exceed that, giving you even better efficiency.

OUR PROMISES

The Well-Built Warranty.
Every heat pump and fan coil we build is covered with a 10-year parts limited warranty.* This warranty applies to the original owner of the properly registered product.

Run-tested and right for you.
Because we only feel comfortable providing you with long-lasting comfort and efficiency, only products that complete our testing with a 100% success rate make it out of the factory.

ENVIRONMENTALLY-SOUND R-410A

When you purchase Payne® products, you will soon find out why they are right for you. Our products aren’t just affordable – they’re built to perform.

Like a car’s mpg, SEER (Seasonal Energy Efficiency Ratio) is the measure of cooling efficiency for a heat pump. Run-tested and right for you.
Because we only feel comfortable providing you with long-lasting comfort and efficiency, only products that complete our testing with a 100% success rate make it out of the factory.

1 Durable fan motor — Providing year after year of smooth-running operation in extreme temps, our fan motor ensures reliable comfort.

2 Effortless heat or cool — The reliable reversing valve easily switches functions from heating to cooling and back again, as the temperature demands.

3 Good looks — The corrosion-resistant, painted exterior finish will stay looking good now, and for years to come.

4 Reliable R-410A compressor — You want the most important part of the entire unit to stay running strong, right? With built-in protective features, our compressor operates quietly and reliably season after season.

5 Smooth and quiet — Rubberized isolation pads create a buffer between the base pan and the compressor to absorb vibrations and minimize noise.

An important part to complete your new heat pump system is the indoor fan coil. Our models provide exceptional heat transfer for heating and cooling effectiveness and efficiency. We offer three models right for the heat pump you have selected.

PEACE OF MIND HEAT PUMPS

10 YEAR parts limited warranty

PH16NA
- 17 SEER
- Up To 9.5 HSPF

PH16NC
- 15.5 SEER
- Up To 9 HSPF

PH15NB
- 14.5 SEER
- Up To 9 HSPF

PH14NB
- 14 SEER
- 8.2 HSPF

PH16NA
- Energy Star®
- Two-stage compressor
- R-410A Refrigerant
- Deluxe dense grill

PH16NC
- Energy Star®
- Single-stage scroll compressor
- R-410A Refrigerant
- Deluxe dense grill

PH15NB
- Energy Star®
- Single-stage scroll compressor
- R-410A Refrigerant
- Deluxe dense grill

PH14NB
- Energy Star®
- Single-stage scroll compressor
- R-410A Refrigerant
- Standard grill*

*Dense grill option available for improved protection.

Multi-Poise
- High-Efficiency, Variable-Speed ECM Motor
- R-410A Refrigerant

Multi-Poise
- High-Efficiency, ECM Motor
- R-410A Refrigerant

Up-Flow Apartment
- R-410A Refrigerant

INDOOR FAN COILS
The Well-Built Warranty.
Every heat pump and fan coil we build is covered with a 10-year parts limited warranty.* This warranty applies to the original owner of the properly registered product.

Run-tested and right for you.
Because we only feel comfortable providing you with long-lasting comfort and efficiency, only products that complete our testing with a 100% success rate make it out of the factory.

Peace of Mind
When you purchase Payne® products, you will soon find out why they are right for you. Our products aren’t just affordable – they’re built to perform.

Environmentally-Sound R-410A
These heat pumps and fan coils use the EPA-approved and chlorine-free R-410A refrigerant, an environmentally-sound alternative to R-22, for minimal effect on the Earth’s ozone layer.

Indoor Fan Coils
An important part to complete your new heat pump system is the indoor fan coil. Our models provide exceptional heat transfer for heating and cooling effectiveness and efficiency. We offer three models right for the heat pump you have selected.

1. Durable fan motor — Providing year after year of smooth-running operation in extreme temps, our fan motor ensures reliable comfort.
2. Effortless heat or cool — The reliable reversing valve easily switches functions from heating to cooling and back again, as the temperature demands.
3. Good looks — The corrosion-resistant, painted exterior finish will stay looking good now, and for years to come.
4. Reliable R-410A compressor — You want the most important part of the entire unit to stay running strong, right? With built-in protective features, our compressor operates quietly and reliably season after season.
5. Smooth and quiet — Rubberized isolation pads create a buffer between the base pan and the compressor to absorb vibrations and minimize noise.

*Warranty period is 5 years if not registered within 90 days. Jurisdictions where warranty restrictions are not allowed will automatically receive a 10-year parts limited warranty. See warranty certificate at payne.com for complete details.
